

August 23, 2010

To whom it may Concern:

I am with First National Bank of Midwest City the Harrah Branch located at 29th and Harrah Newalla Road located inside the Country Boy Grocery Store.

It would be a great asset to my customers to have Harrah Road become a four lane road from here to interstate 40. I have several customers that live on the south side of interstate 40. Along with increasing the availability to the City of Harrah from interstate 40, would attract several more businesses and with that would bring more customers to Harrah.

We are all about increasing the businesses of Harrah and with making this a four lane highway that would increase the options new businesses have in Harrah.

Sincerely,

A handwritten signature in blue ink that reads "Sandy Breed" followed by a small flourish.

Sandy Breed, Vice President

Harrah Branch Manager
