To Whom It May Concern:

Please accept this correspondence as a letter of support from H & H Farms & Trucking for the TIGER grant effort.

I believe that this project, should it be awarded funding, would greatly benefit my business. The project would provide for the improvement of major roadways used by myself and other truck drivers hauling dirt from my dirt pit located on Charter Oak Road and Luther Road.

Economically, the project would have a major impact on my business. By improving the roadways that provide access to the highway, more customers would be drawn to purchase dirt from my business. This would also provide a shorter route to the highway, thus allowing me to reduce my hauling costs.

I believe it is safe to say that this project would greatly impact my business in a positive way. Without the grant, the projects to improve the roadways Logan County will not be possible. I am delighted to see such a wonderful effort to help the area and am willing to support the project in any way that I can.

Sincerely,

David Habben
Owner/Operator
