August 5, 2009

Mr. Michael Pearson – County Commissioner
Logan County District 2
817 Northeast 63rd Street
Oklahoma City, Oklahoma 73105

Attn: North/South Thoroughfare Project Committee – T.I.G.E.R. Grant

This letter is to express our full support for the application of a Transportation Investment Generating Economic Recovery grant, which will help finance the north/south transportation corridor in the eastern parts of Logan and Oklahoma counties. It is encouraging to see progress being made towards accomplishing what has been in the planning stage for several years.

Our community will profit in many ways from the road improvements which this grant will achieve. The condition of roads in our community, as well as surrounding areas, can serve as an enhancement in our efforts to promote industrial and economic growth, which insures a better quality of life.

We thank you for your efforts and stand ready to do anything we can to assist you in making this project happen.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Earl D. Burson'.

Earl D. Burson
City Manager
Harrah Industrial Economic Development Authority
