August 23, 2010

TO WHOM IT MAY CONCERN:

The Harrah Industrial and Economic Development Authority Trust owns the 160-acre Industrial Park in the City of Harrah. We are actively soliciting tenants for our Industrial Park and their number one concern is access to I-40. Eastern Oklahoma County is economically deprived and in need of quality jobs. The 4-laning of Harrah Road to I-40 would be an extremely important enhancement in our marketing of this Industrial Park. Prospective tenants have indicated that if we could give assurances that Harrah Road would be 4-laned to I-40 they would commit to locating on this site.

We would appreciate your consideration of this project.

Sincerely,

Neal Gray
Chairman

Harrah Industrial and Economic Development Authority
